

Database Management System

(Lab Task No 05)

Session (2022-2026)

Program/Class

BS-Computer Science / 5rd Section-A

Submitted By:

Student Name : Shahan Khan

Roll Number: 301-221008

Supervised By:

Ms. Muneeba Darwaish

Lecturer

CS& IT Department

Hazara University, Mansehra

Showing Table:

My database table setup looks like this

```
27 • select * from Students;
```

28

[illegible]

Using OR Query:

```
20 -- select students enrolled in computer science or physics
```

29 • `SELECT * FROM Students`

```
30 WHERE course = 'Computer Science' OR course = 'Physics';
```

[illegible]

Using 'AND' Query:

```
33 SELECT * FROM Students
34 WHERE gender = 'F' AND library_card_issued >= '2024-02-01';
35
36
```

[illegible]

Using UPDATE Query:

```

17 • UPDATE Students
18 SET contact_number = '03012345678'
19 WHERE student_id = 2;
20 • select * from Students;

```

[illegible]

```
43 • DELETE FROM Students
44 WHERE student_id = 3;
45 • select * from Students;
46
```

[illegible]
